Tips

Before you fill out your application, make sure you carefully read through these tips as they're designed to help you submit the best application possible:

- **Be concise.** We're looking for as much information about you as possible, but we realise we don't give you a lot of space. We're more interested in what you have to say rather than how you say it.
- **It's NOT based on academic performance.** The Catapult Community Leaders Scholarship is not an academic scholarship. We're more interested in your experience – what you've done, what you're currently doing, and what you want to do.
- **Show off a little!** We understand it may be difficult for you to talk about your accomplishments, as it might not be polite. However, we need to understand why you're different, exceptional and a change maker.
- **Apply early!** Applications are open for a number of months – don't wait till the last day to submit your application! Submit your application well in advance to avoid any last-minute technical difficulties or connectivity problems.

BACKGROUND INFORMATION

Name & Contact Information

We will use this information to communicate with you throughout the application process. The most important piece of information is your email address, so please be sure to give an email address that will remain valid for the duration of the process. Your Skype name or phone number will be used if you are selected for a Skype/phone interview which would take place in March 2019.

APPLICANT SUMMARY

Your summary of qualifications is a brief summary of your professional experience. This is also an opportunity to explain why you are applying for the Scholarship and what you would bring if you were chosen.

Applicant Summary Questions (50 words)

1. Why are you applying for the Catapult Community Leaders Scholarship? Why now?
2. How have you demonstrated commitment to bringing about positive social change?
3. Provide a brief summary of your professional background and qualifications.

ACADEMIC EXPERIENCE

Please include only your highest or most significant educational achievement. We will learn about your other academic experiences from your resume/CV, so use this section to highlight the qualification that is most relevant to the Scholarship.

WORK EXPERIENCE

To qualify, you need to have over four years of work experience. Your number of years of work experience refers to continuous full-time employment – internships or fellowships do not count as work experience.

ESSAY QUESTIONS

Next, you will be asked to complete six essay questions. You will need to limit each of your responses to 100 words.

A Bit of Guidance

Please use the essay portion of the application as an opportunity to tell us more about yourself from a personal perspective. We already know about your skills and experience from your CV and application - now we want to get to know you on a deeper level. The questions are meant to give you the space to open up about your passions, creativity, imagination, and sense of humour.

Essay Questions (100 words)
